Welcome to our fourteenth on-farm deer auction.

We are pleased with the stags we have to offer despite another pretty challenging season, with very cold spring weather and the grass being very late to get in front of the stags.

We do not feed Palm Kernel, but feed small amounts of grain or nuts from button drop. This is not excessive because we want our genetics to do the talking. Our stags are managed as a cohort, fed over the winter on fodderbeet and baleage.

We have got some great feedback from stags that have headed to different post codes over the past few years, and we really appreciate this! Thank you.

We wish you all the very best for the year ahead, and that you all enjoy some quality family time, out of the deer shed!

Andrew and Samantha Elder

*If you are reading online when you see this symbol, you can click to take you to the website link associated.*

**We look forward to hosting you on Sunday 12th January 2025 at 5.30pm**

The stags will be available for viewing from 4-4.45pm and velvet will be displayed from 4.45-5.15pm

Please adhere to these times, as this ensures the sale runs on time for our online audience.

Photo's of the velvet stags should be on our website and facebook page by the New Year.

Stag 179-21, lot 1 in this catalogue during velvet growth

# ASK US ABOUT **CUSTOMISED** DEER FENCING

## Possible customised configurations:

- Number of Line Wires: 11 - 20
- Heights: 1550mm (61") to 3048mm (120")
- Stay Spacings: 75mm (3"), 150mm (6"), 225mm (9"), 300mm (12")
- Lengths: 100m to 1000m
- Horizontal Line Wire Spacings: to match your current farm netting specs
- Heavier Gauge Top / Bottom Wires
- Two Knot Options

# Conditions of sale

1. The sale will be conducted by PGG Wrightson with the conditions of sale as set down by the New Zealand Stock and Station Association, a copy of which is exhibited in the office on sale day.
2. The lot becomes the purchasers property and risk at the fall of the hammer.
3. Intending purchasers are required to register prior to the commencement of the sale.
4. Warranties and insurance are covered under separate headings.
5. Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest at current rate per annum from the date of sale.
6. The sale is conducted GST exclusive.
7. A buyers commission of 4% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements (no later than 24 hours prior to commencement of sale) are made with PGG Wrightson.
8. No animals, embryos or semen sold by Altrive, or their germplasm, any subsequent progeny or germplasm, including the semen and germplasm of that progeny may be supplied to a third party without the written permission of the stud.
9. This condition does not affect normal commercial deer farming or stud farming, or the normal sales of semen or embryo's, as it only applies to entities with a primary function of commercial semen/germplasm activities.
10. It is a condition of sale of any animals, embryos, germplasm or semen sold by Altrive Red Deer that the purchaser agrees to include the following clause as the a condition of any subsequent, sale of gift of any animal, embryo, semen germplasm or subsequent progeny or germplasm to a third pary- "The purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."
11. Except as otherwise expressly provided in these conditions, no guarantee, representation or warranty of any kind is made or given as to the soundness, condition or other quality of any livestock sold in this sale.
12. Velvet will be on display on sale day and will remain the property of Altrive Red Deer.

## Disclaimer

All details and descriptions as to stock referred to in the catalogue have been supplied to PGG Wrightson by the vendor and have not been independently verified by PGG Wrightson. PGG Wrightson, its employees and agents make no representations or warranties or acknowledgement of any kind whatsoever in relation to any part of this catalogue [including but not limited to accuracy or completeness of details and descriptions of stock {and other contents}].

Purchasers, advisers and all other persons viewing or dealing with the stock must make their own assessment on the stock and the information in this catalogue.

PGG Wrightson, it's employees and agents are not responsible or liable in any way whatsoever, weather in contract, tort [including negligence], or otherwise, to any person for any loss or any damage whatsoever arising directly or indirectly from any information or misrepresentation included or omitted from this catalogue.

## Testing

Altrive is TB accredited CIO and all sire stags are tested negative for Johnes's disease prior to sale.

Our whole herd is DNA tested.

**Please note: We will not provide DNA records for stags sold as velveters.**

## Health and Safety

This is a working farm and we advise that all visitors to the property follow the signage and instructions of staff members.

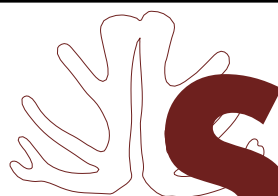

In particular, be aware of other vehicles in the carparks at the deer shed, and sale shed. Keep children close at all times.

Do not enter pens with any animals, ask Andrew if you would like stags moved around for better viewing.

## Transportation

We assist in the arrangement of transportation of the animals purchased with a trucking company of your choice. Altrive Red Deer Ltd can not be responsible for injuries or damages during transit, and we encourage you choose a reputable company, and consider insurance for transportation. Animals will only be loaded in good condition and fit for transportation.

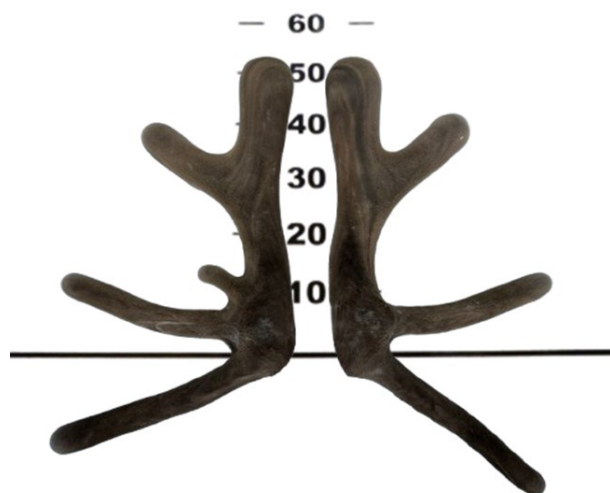

# Sires

Altrive

Lugar (262-21)

Lugar 9.4kg @ 3yrs

Lugar during velvet growth at 3yrs

A lovely big bodied stag (pictured at 3yrs)

**There are currently  
no progeny photos**

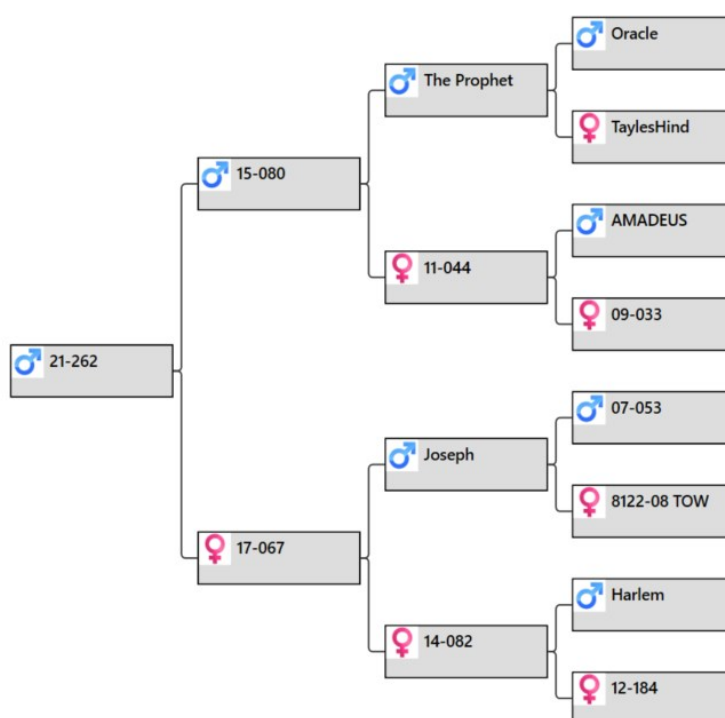

Altrive 262-21 was used as a 2yr sire for our 2024 mating. At 7.5kg he had plenty of grunt. At 3yrs he produced 9.46kg of very tidy velvet and he is a very big bodied, charismatic stag. We are keeping him for our breeding program. By prophet son ALT 80-15, 2nd place national velvet awards that we sold at auction for \$75,000 in 2019. The prophet was supreme champion in 2013. This stag has four other embryo brothers which cut 5.6, 5.75, 6.10 and 6.90kg at 2yrs.

Dam 67-17 was used as a donor in 2021, and we have used her daughter 172-19 as a donor as well. Her grand dam is our top hind 82-14 who is breeding phenomenally for Altrive.

**We are offering a small quantity of semen for sale in  
this catalogue, and there are two full brothers  
offered for sale in this catalogue (238-21 and 235-21)**

Tag/Name	ALT 262-21
2 yr velvet weight	7.50 kg
3 yr velvet weight	9.46 kg

## Pedigree

# Sires

ALT 80-15

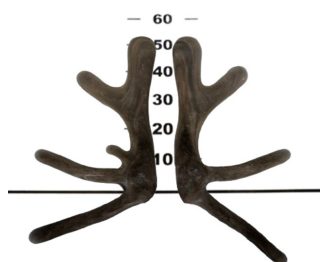

ALT 80-15 8.80kg @ 3yrs

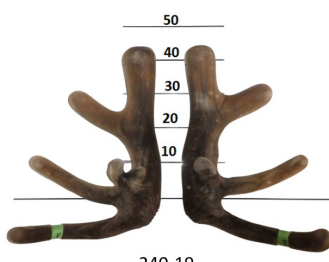

ALT 80-15, now called Signet was lot 1 in our 2019 sire sale, and sold for \$75,000, with 20 straws of semen retained at Altrive. He had a beam of 25 and 26cm, and both sides had 25cm beam above the trez. The prophet, 10.54kg was supreme champion in 2013. Dam 44-11 only had the one son and a daughter, and unfortunately we sold her before we knew how good 80-15 was!

ALT 80-15 is the sire of new Altrive sire, Lugar (ALT 262-21), and we are selling other sons in this catalogue.

## Progeny

262-21 9.40kg @ 3yr

# Sires

ALT 87-18

ALT 87-18, 8.20kg @ 3yrs

87-18 was used as a two-year-old then sold at three-year-old at 8.2kg for \$16,000. We felt he had plenty of grunt, and an outstanding 2yr weight. Grand dam 184-12 is the donor dam of sire 34-14 and top ET sisters 45-14 and 77-14, and three sons sold in 2021 sale. 82-14 is the dam of Altrive sires 145-17 and Glaisnock 16.75kg @ 5yr. 87-18 is another sire out of our top dam line.

These are the first 3yr olds by 87-18 and we have been impressed with his offspring.

## Progeny

2 yr velvet weight	7.30 kg
3 yr velvet weight	8.20 kg

## Pedigree

# ALT 211-15

211-15 is an ET brother to 172-15 who was used at two years and sold in 2019 for \$45,000, and 195-15 who sold for \$11,000. The first crop of three year old sons were in our 2023 sale and performed well. 63-19 @ 8.55kg sold lot 1 for \$46,000, 83-19 @ 8.65kg sold \$11,000 and 210-19 @ 7.0kg sold \$7000, 70-19 @ 8.35kg sold \$13,000 and 174-19 @ 8.50kg sold \$13,00. His ET sisters 166-15 and 175-15 have sons 246-19 @ 8.6kg sold \$11,000 and 240-19 @ 8.0kg sold \$14,000 in 2023 sale.

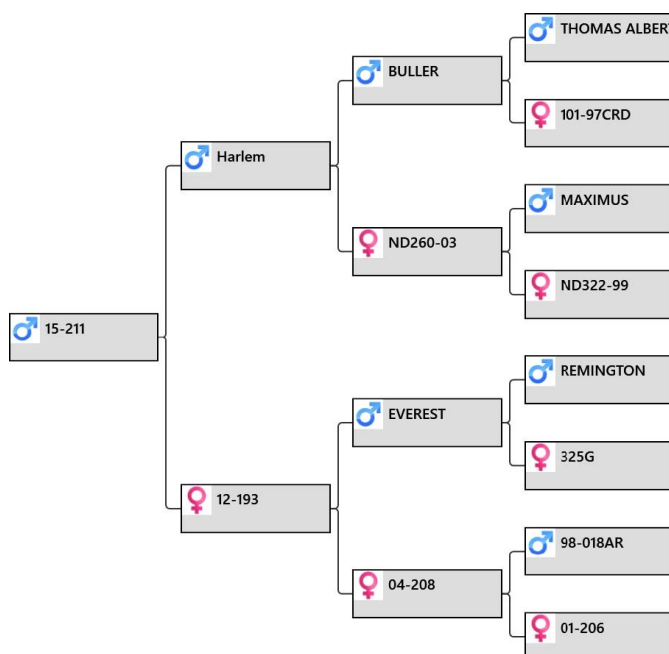

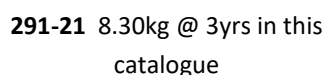

Dam 193-12 is ET sister to stags sold in 2016 lot 4 \$27,000, lot 11 \$7,000, lot 21 \$4,000 and lot 23 \$5,000. 208-04 had eight sons sold as sires. Fantastic velvet genetics.

<b>6 yr velvet weight</b>	10.40 kg

## Pedigree

# Sires

Corona

Corona belongs to Lindsay Tayles, and is a large framed and big bodied stag, very casual in behaviour and cut a very good 13.2kg of velvet at 5yrs in 2021. He passed away post rut in 2024.

At four years he cut 10.82 and claimed second place in the National Velvet Competition in 2020, behind Lazarus and only 0.63 of a point separated first and second.

We used him for our 2021 ET program, and our lot 1 and 2 are both sired by Corona, as well as another 2 stags in this sale.

Corona at 4yrs, 10.82kg

## Progeny

# Sires

## Glaisnock

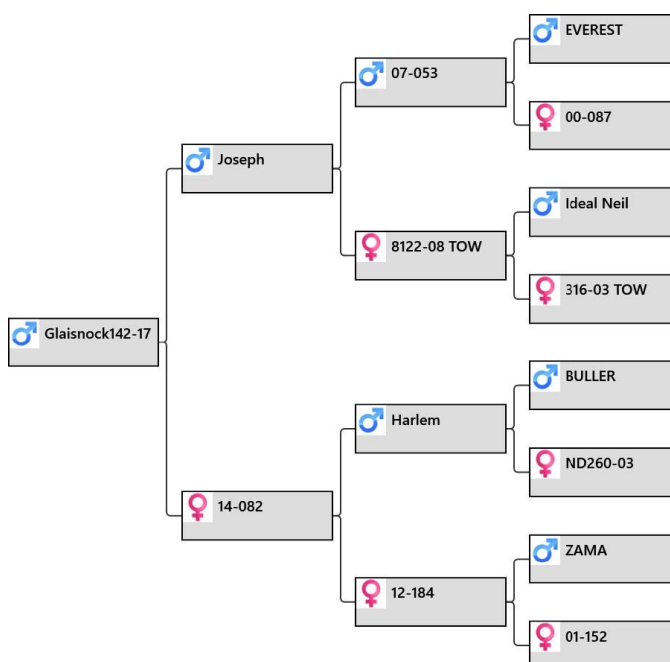

Glaisnock (142-17) 11.2kg @ 4yrs,

A Joseph son, out of our top hind 82-14, he cut 11.2kg @ 4yrs, with a 27cm beam. His ET brothers are our sire 145-17 (deceased), 148-17 7.9kg @ 3yr, 186-17 8.6kg @ 3yr and 162-17 7.8kg @ 3yr all sold in the 2021 sale.. 82-14 has 8 sons that have reached sale age, and 7 of these have been sold at auction or retained for sire duties at Altrive. The only one not being sold at auction cut 10.85kg so was also no slouch!

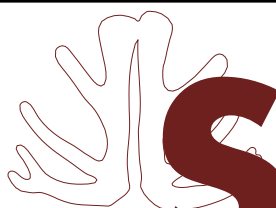

We think Glaisnock is the package- big bodied and proportioned stag with good velvet weight and especially a very strong beam. He is also quiet as a mouse, would probably put our 1 year old on him for a pony ride. A sire we are really proud of.

Tag/Name	ALT 142-17 (Glaisnock)
2 yr velvet weight	6.60 kg
3 yr velvet weight	9.40 kg
4 yr velvet weight	11.20 kg

## Joseph

Joseph 14.01kg @ 6yr.

Joseph was 2016 People's choice and Open Red winner, also Reserve Champion, owned by Brock Deer.

We used him over our top hind in 2017, and together they produced our sires 145-17 and 142-17 (Glaisnock) as well as other sons for sale. We continued to use semen in our embryo program, including in this 2021 cohort.

As well as Glaisnock and 145-17, we have used another Joseph son out of our top dam line (a sister to 82-14), 87-18 for breeding as a 2 year old then sold as a 3yr.

We have sons in this catalogue.

## Progeny

Glaisnock 11.2kg @ 4yr

147-17 7.05kg @ 3yr

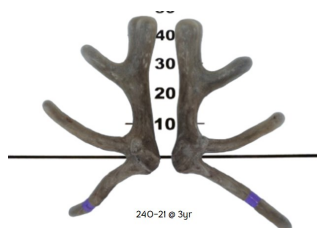

148-17 7.9kg @ 3yr

145-17 7.8kg @ 3yr

ALT 106-18

106-18 12.55kg @ 5yrs

## Progeny

279-21 @ 3yr

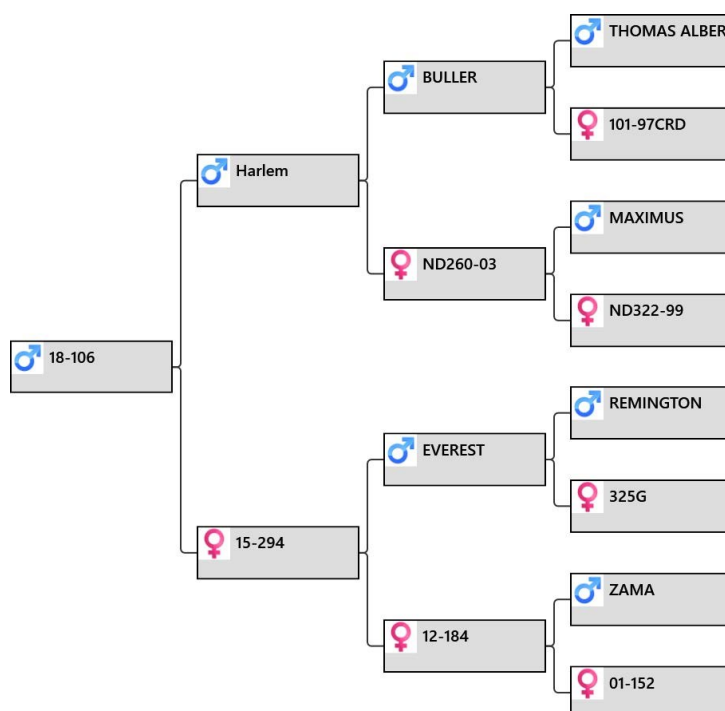

279-21 7.30kg @ 3yrs in this catalogue

Altrive 106-18 was placed 2<sup>nd</sup> in the 5yr red section and 3<sup>rd</sup> place in the restricted southland red section of the 2023 National Velvet Awards.

Grand dam 184-12, a donor hind, produced our Harlem son sire 34-14 @ 13.3kg and top ET sisters 77-14, 45-14 and 82-14, dam of sires 145-17 and Glaisnock 16.75kg @ 5yr and 87-18, 8.2kg @ 3yr. Then she produced 177-14 8.3kg @ 3yr by natural mating which sold as lot 1 in 2018 for \$40,000 by Everest. This is a fantastic pedigree!

Tag/Name	ALT 106-18

## Pedigree

# Sires

ALT 145-17

145-17 had near perfect velvet at 3 and 4yr but died after mating at 4yr. He has an amazing pedigree and has his first 2yr sons are being velveted this year. He is an ET brother to Glaisnock, 16.75kg @ 5yr and 3 other brothers sold, one of which was auctioned for \$28,000. Their dam 82-14 is an ET sister to sire 34-14 also with very nice velvet placed 5th as 3yr old and 4th as 4yr old in National Velvet awards. 82-14's ET sister 77-14 had 3 sons sold in 2021.

184-12 dam of the animals above born in 2014 by ET and then she had natural pregnancy to Everest and produced 177-14 who sold lot one in the 2018 sale for \$40,000.

This will be the first crop of 3yr olds by 145-17.

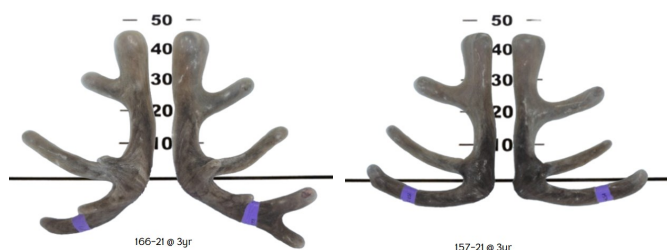

ALT 145-17 8.6kg @ 4yrs

## Pedigree

# Sires

ND 232-19

ND 232-19 8.50kg @ 5yr

Purchased from Netherdale Red Deer in their 2023 sale.

His three year old head had been damaged however his two year old head showed his potential being very tidy and the bulbs (and all tynes) being very nicely rounded. Although his weight hasn't jumped a lot, ND 232-19 has tidy, industry desirable velvet and we are excited to see what his progeny do in a few years time.

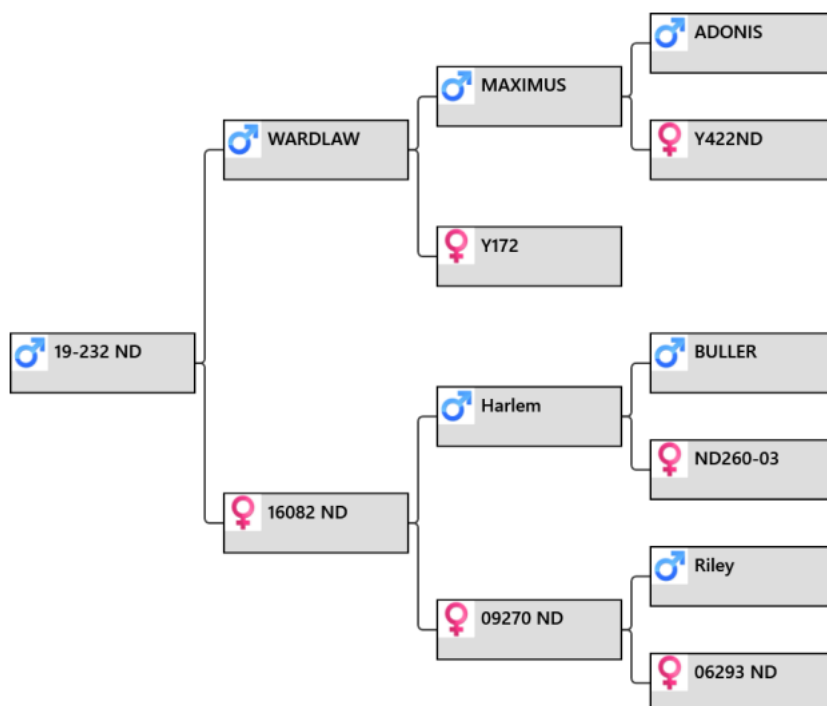

His blood lines go back to the dam of Lot 1 (now called Horse) which sold for \$135,000 in David's 2022 sale. She has also had two other sons in the 2016 and 2021 Netherdale Red Deer sales.

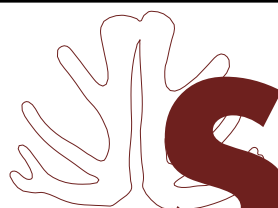

ND 232-19 8.50kg @ 5yr

Tag/Name	232-19 ND
2 yr velvet weight	5.06 kg
3 yr velvet weight	8.68 kg

# Sires

McKenzie  
230-19 Tayles

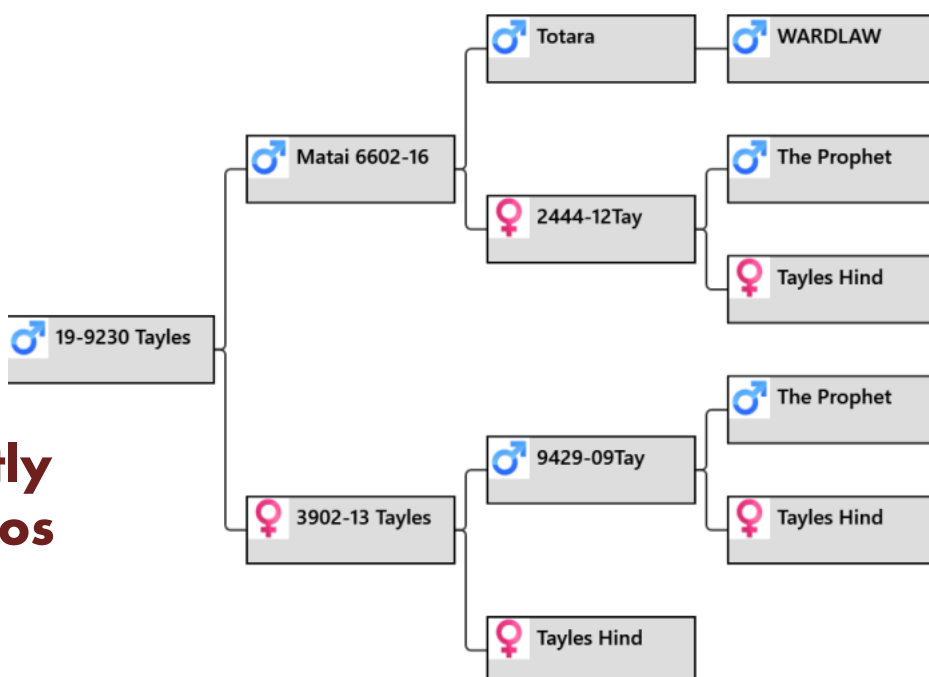

McKenzie (230-19) 9.00kg @ 4yrs

McKenzie was purchased in 2023 from Lindsay Tayles. He brings a good outcross for us at Altrive, with his sire being Matai, is a very nice quiet stag, with excellent beam and tidy, round tops.

McKenzie's sire, Matai cut 10.6kg at 3yrs. His sire Totara cut 17kg SA at 8yrs and performed well in national competitions, winning 2 and placing in 3 more.

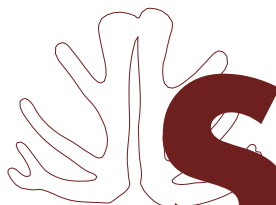

Tag/Name	230-19 Tayles

# Sires

ALT 206-20

206-20 5.80kg @ 2yr

We used 206-20 as a 2yr sire, as we were impressed by his tidy velvet, great tyne placement and mass, and round tops. This velvet is very like his sire, ALT 34-14.

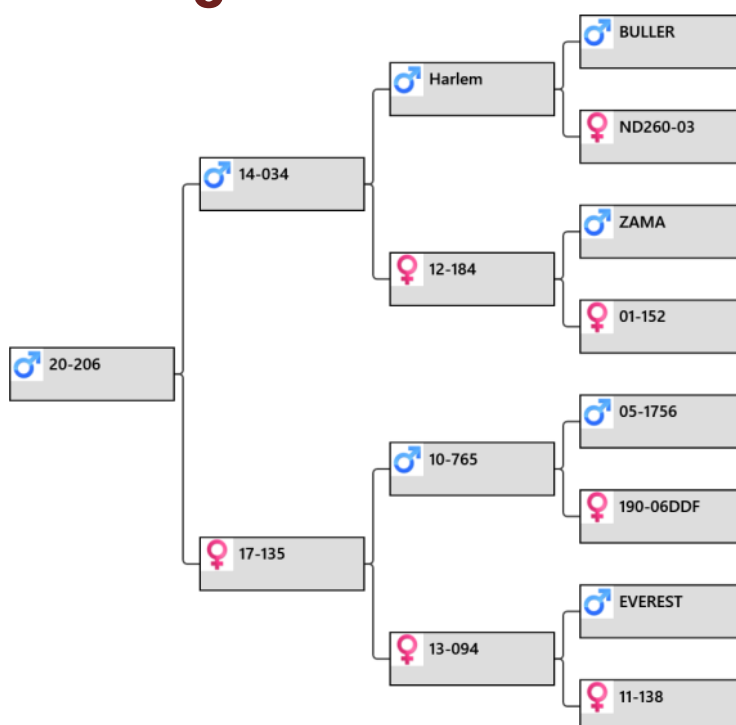

We sold him as our lot 1 in 2024, and felt his velvet weight reflected on a difficult year with feed challenges, then having to adjust to the sire paddock amongst our mixed age sires.

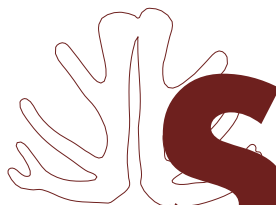

206-20 6.90kg @ 3yr

Tag/Name	ALT 206-20
2 yr velvet weight	5.80 kg
3 yr velvet weight	6.90 kg

## Pedigree

# Sires

ALT 266-20

266-20 @ 5.80kg @ 2yrs

We used ALT 266 for our 2023 mating at 2yrs. He had a very tidy 5.80kg velvet head with very nice round tynes, and very clean, similar to that of his sire, ALT 145-17.

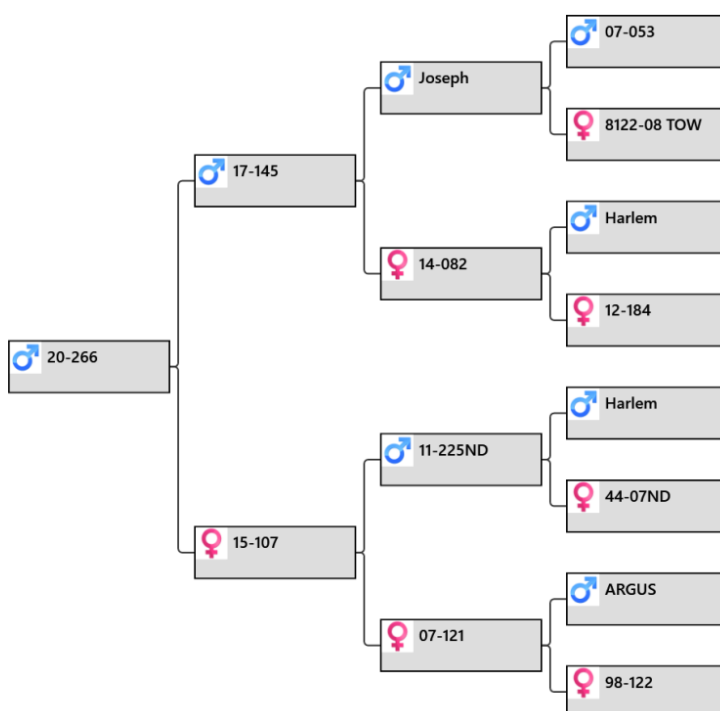

Unfortunately he was damaged at 3yr velvet, and this has had ongoing consequences for his 4yr velvet. His good side is extremely nice, and weighed 5.0kg on his own. We are pretty gutted but are keeping 266-20 on farm for breeding.

266-20 9.50kg @ 4yr, with damage to his LH side. RH stick weighed 5kg.

Tag/Name	ALT 266-20

904OR18

904OR18 Brock 9.36kg @ 4yr

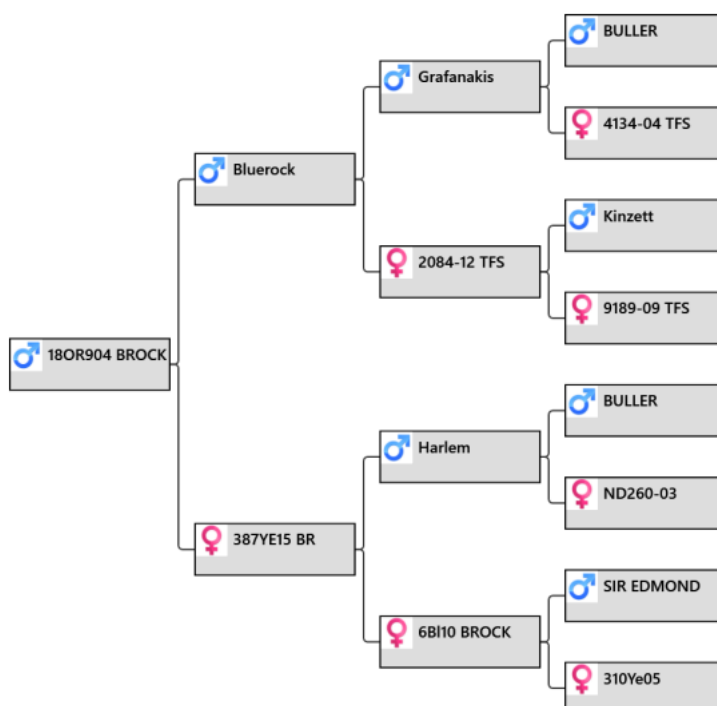

Purchased from Brock deer in their 2023 sale at 4yrs.

He had another 3 ET brothers all cutting over 8.2kg @ 3 years. Brock deer sold another one of these, 905OR18 for \$42,000 and they retained one they are using.

Bluerock has been breeding well for Brock Deer and he was the sire of Lot 1 2022 (now called Keystone) who sold for \$110,000. The dam of Keystone is the grandam of Brock 551-17 we purchased and she produced the Max son in this catalogue.

YEAR	AGE	VELVET WEIGHT
2023	2 yr	5.70 kg
2024	3 yr	8.40 kg

GNZ Ref: 2933465

## Biography

179-21 injured his eye socket over the rut this year. This healed as a callous at the top of his eye. He is in good body condition, and this does not affect his vision in that eye. We will get a second opinion from an independent Vet prior to sale. Murphy's law at play here, we couldn't believe it was a stag of this calibre! We think you can look past this, and see the breeding and really beaut, tidy velvet he is producing. His beam measurements are fantastic at 25/27 and 24/28.

153-17 produced this son to AI in 2021 and we used her as a donor in 2024. Her dam 82-14 from our top dam line, which has produced over 20 sale stags for Altrive.

The combination of our top hind over Tayles Corona, we think he should breed on well.

241-21 at 2yr

## Biography

241-21 was used as a 2yr sire for our 2024 mating, after he cut a very tidy 2yr head, we really liked his tops and impressive beam, which have remained impressive at 3yr too. He is by Tayles Corona. Corona is breeding very well, with a great showing of 2yr progeny at the 2024 2yr competition.

Beam measurements are 24/28 and 23/27, and 241-21 is an extremely quiet stag to deal with!

57-17 was used as a donor hind and had this son and 6 daughters from her flush. We have also used a full sister as a donor hind as well. Her dam, 207-12 was used as a donor twice and she had 4 sons sold at auction.

Another Corona-Joseph combination, we think this should breed extremely well!

## Biography

291-21 has beam measurements of 22/24 and 22/24. Tidy, industry desirable velvet here. RH trez not as high at 2yr.

He is by ALT 211-15. 211 has been producing quiet, tidy offspring with good length and solid weights. His first 3 year olds were in our 2023 sale and included the lot 1 63-19 8.55kg @3yr. His other sons in the auction were 8.65kg, 8.35kg, 8.50kg and 7.0kg @ 3yr.

31-19 first son, she is by 22-14. He has been producing good velvet weights and was himself 9.5kg @ 3yr , National champion and people's choice in 2017.

151-16 only had this daughter before she died.

50-14 has been used as a donor twice.

## Biography

223-21 with beam measurements are 25/29 and 25/30. Another very quiet, cruisey stag, that we have found great to deal with. We rate this head, it's tidy, round and has good weight. His sire 145-17 had very tidy velvet and exceptional pedigree from our top dam line behind him.

92-13 was used as a donor in 2021 with almost all female offspring and another son who unfortunately died, this stag is her natural mate fawn afterward her flush. 92-13 is also the dam of ALT 240-15, 9.65kg @ 3yr who we sold for \$70,000. A top hind

7-09 has had two sons sold at auction and was used as a donor in 2013. Zama, Everest, Joseph and Harlem in this pedigree, all proven breeders!

## Biography

Full credit to Elliott and Eddie Brock for this one, we purchased hind 551-17 in their winter hind sale in 2021, in fawn to Max and this was the fawn she raised that year. We have also used 551-17 in our ET program, and we have used her spikers for our 2024 mating (551-17 x Horse), so we are appreciating her input here at Altrive.

213-21 has attractive velvet, with good length and beam. It is very similar to Max himself, who cut 9.9kg @ 4yrs and 16.3kg @ 7yrs, so there is potential for very good velvet weights moving forwards. Beam measurements 21/25 and 23/25. He didn't have a snag at 2yrs and we have considered using him ourselves.

551-17 dam 309YE15 is the dam of Brock's lot 1 in 2022, now called Keystone which fetched \$110,000 at auction.

162-21 at 2yrs

## Biography

162-21 has grunt. His beam measurements are 25/36 and 25/27. Plenty of mass in this head, with very strong tynes and heavy beam. A very good 2yr velvet weight, so this stag would make a quick impact if you're looking to increase your weights. Another stag sired by Joseph from our ET program.

45-14 is a top hind, ET sister to Altrive sire 34-14. Her sisters include 82-14 and 77-14 and 76-14 who have had an impressive number of sires produced between them, an outstanding hind line behind this stag. 45-14 is also the dam of sire 87-18 who has sons in this catalogue, and is also producing good velvet weights in his sons. We have used this hind as a donor in 2024 again, after being used in 2018 and 2019.

This Joseph-Harlem combination has been breeding exceptionally well for Altrive, with our sires 145-17 (sons in this catalogue) and 142-17 (2yr olds this year) also coming from this breeding.

Plenty of grunt, the pedigree to back it all up and a quiet stag.

## Biography

Beam measurements 25/24 and 25/30. Lovely tops and great beam here, a very sold velvet weight at 9.50kg. ALT 87-18 was used as a 2yr old sire in 2021 after cutting a very nice 7.30kg @ 2yr head, and then sold at 8.20kg @ 3yrs.

50-19's first son, what a pearler. 22-14 produces good weights in his sons and tidy velvet. You can see his progeny on his sire page on our website.

179-15 has another son 7.35kg @ 2yrs and 10.70kg @ 3yrs.

Back to 193-12, another prominent donor dam line at Altrive. She is the dam of Altrive sire ALT 211-15 who has been leaving very tidy sires, and ALT 172-15 we used at 2yrs then sold in 2019. We have also sold a daughter for \$15,000.

Date	Liveweight
26/7/2022	66kg
17/12/2024	224 kg
Sale day	

## Biography

238-21 is cut early, and with the strong thick tynes this weight would have increased quickly. His 2yr weight was very good at 6.10kgs. His beam measurements are 26/26 and 25/25 so lots of grunt there, and we would expect a good 4yr weight.

His sire ALT 80-15, now called Signet we reluctantly sold in 2019 as lot 1, 8.80kg @3yr but we kept 20 straws of semen, and we are very pleased we did! 80-15 had a very similar beam with measurements of 25 and 26 with 25 above the trez on both sides. 238-21 is a full brother to 262-21 we used at 2yrs and have retained in the stud this year, now called Lugar. The Joseph/Prophet combination seems to be firing for us here, and this stag is another with this breeding.

67-17 was used as a donor in 2017 but then didn't produce a fawn after this so must have been damaged. We have used a full sister to 238-21 in our 2024 ET program.

2yr velvet

Obvious damage to back

## Biography

Beam measurements 22/24 and 21/24. This stag has some damage at the back of his LH velvet in the paddock (photo attached), and this is the reason for the split and flat trez on the Left. You can see his 2yr photo was very clean, and the right side is extremely tidy and he would have likely been sold up the catalogue order if it wasn't damaged.

This stag is a full brother to 242-21 in this catalogue.

173-17 has been used as a donor twice, she is out of 82-14, and is an ET sister to our sires Glaisnock and ALT 145-17.

Another Corona-Joseph combination, which is similar breeding to Lot 1 and Lot 2 in this catalogue and this is another sire that would be a real credit to your breeding program.

## Biography

158-21 with Beam measurements 22/27 and 21/25 and cutting 8.70kg @ 3yrs. By Joseph- who was 2016 People's choice and Open Red Winner and Reserve champion at National velvet awards. He is the sire of Glaisnock and ALT 145-17, and has bred well for other studs as well.

121-07, this hind is pretty phenomenal, we have used her for ET twice, and even now at 17 she still produces and raises a fawn every year! She is also the dam of Southern Man, we sold in 2016 as lot 1 for \$67,000. He came 2nd in the 3 yr competition and cut 12.6kg @ 6yrs and is breeding very well for Ara-wata and ourselves. Another son is 131-16 we sold for \$32, 000 as lot 1 in 2020. and in 2023 she had a son 23-19 sold for \$22,000. There are another two sons sold at auction to add to her list.

## Biography

242-21, Beam measurements 22/24 and 23/25. This stag has potential for a weight jump at 4yrs, as he was 6.50kg @ 2yrs. By Corona, owned by the Tayles family. Corona has been breeding very well for many other studs and commercial operations. Corona was a big bodied stag, and very quiet. He cut 13.20kg of velvet at 5yrs and is now deceased. At 4yrs he cut 10.82kg and claimed 2nd place in the National Velvet competition behind Lazarus by a smidge.

173-17 was used as a donor in 2021, and her sons include this stag and lot 16 236-21 in this catalogue. We have used sisters 7-17, 67-17 (who is the dam of our new sire Lugar and two other sons in this catalogue), 164-17, and 152-17 (who is the mother of lot 1-179-21) in our Embryo transfer programs, which indicates how well they are breeding for us.

An exceptional pedigree behind this stag, and a sire who is performing very well in the industry- what a combination!

GNZ Ref: 2933390

## Biography

256-21 with Beam measurements 20/22 and 20/21. A very tidy style of velvet in this Joseph son.

47-17 was used as a donor, and she had a son 207-19 7.20kg @ 3yrs sold in 2021 sale. Southern Man (ALT 105-12) has bred well, with sons in our 2021 and 2023 sale, and if you head over to his sire page you can see these sons as a line up- they're a very nice line up!

77-14 my favourite hind, she is huge and like all of 184-12's daughters she is very quiet. Unfortunately she is a lead hind nowadays as must have been damaged after her second round of ET as she hadn't had a fawn since. She has had 5 sons which cut 9.10, 8.40, 7.65, 7.00 and 6.85kg @ 3yrs, and three of them were sold in our 2021 sale, and one in 2020, so pretty consistent in line with her ET sister 82-14.

**Sale day**

## Biography

235-21 will probably be sold up the catalogue order, but he was the last stag cut only a few days before catalogue went out. He will probably put on a fair bit of weight before the sale too. Beam measurements 25/25 and 24/26.

His sire 80-15, now called Signet we reluctantly sold in 2019 as lot 1, 8.80kg @3yr but we retained 20 straws of semen, and we are very pleased we did! 80-15 had a very similar beam with measurements of 25 and 26 with 25 above the trez on both sides. 235-21 is a full brother to 262-21 we used at 2yrs and have retained in the stud this year, now called Lugar. The Joseph/Prophet combination seems to be firing for us here, and this staq is another with this breeding.

67-17 was used as a donor in 2017 but then didn't produce a fawn after this so must have been damaged. We have used a full sister to 235-21 in our 2024 ET program. She is out of that phenomenal hind 82-14.

2022	2yr	5.75 kg
2023	3 yr	7.00 kg
2024	4 yr	8.65 kg

GNZ Ref: 2711301

## Biography

198-20 has great length and style at 3 yr and you can see a near identical head as a four year old. Beam measurements are 21/23 and 21/24. We've written he is a very very quiet stag to work with, and he has a good body size. Andy has always liked this stag, choosing to retain instead of sell after the sale last year. Please note the most recent weight is from last years sale, as we haven't got him with the sale mob yet, we will post his current weight shortly.

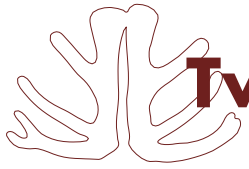

We will likely sell him up the catalogue order.

This is the first son for 71-16 who is out of the embryo program. Her embryo brother 155-16 was 7.0kg @ 3yrs. Her embryo sisters only stag was 55-19 sold in our 2023 sire sale for \$16,000.

77-14 is a top hind, my favourite. Her son 167-17 lot 2 in 2021 sale for \$17,000. There was another ET brother 144-17 and a half brother natural mate after ET 282-17 who were both sold in the same sale. 77-14 is embryo sister to 82-14, dam to our two sires Glaisnock and ALT 145-17.

## Biography

3-23 by 904OR18 Brock, a Bluerock son. He cut 8.3kg as a 3yr and 9.36kg at 4 years, we purchased him in their 2023 sale. He had another 3 ET brothers all cutting over 8.2kg @ 3yr. Brock deer sold another one of the ET brothers, and retained one in their stud.

224-19 no sons to assess. Sired by top sire 34-14, 13.3 kg @ 5yr. He was sire of lot two 2023 which sold \$44,000 and lot five, \$26,000.

10-13 is dam of 208-15 sold for \$30,000. She then had daughters, and we are excited to see what her only other son does (he is a spiker). ET sister 203-15 is dam of 290-19 8.9kg lot 4 and 270-19 lot 9 2023 sale.

61-10 is the dam of sire ALT 188-12 that was three and four year old velvet champion.14.2kg @ 6yr.

## Biography

5-23 by ALT 211-15. His three year olds have been performing well, with plenty sold as sires. ALT 211-15 is very consistently cutting tidy velvet year after year just over 10kg and is a quiet stag to go with it.

65-20 has only daughters to assess. With ALT 145-17 and 211-15 in the mix, this is a tidy velvet producing line.

166-17 has two sons cutting 4.45 and 4.4kg @ 2yrs. Her ET brother was 159-17 who cut 7.9kg @ 3yr. Two of her other ET sisters have had sons sold at auction, including 27-17 who's son sold lot 2 2023 for \$44,000. Her sire, Foggy (52-13) 8.30kg @ 3yrs was our lot 1 in 2017 which sold for \$60,000. He has been breeding on very strongly with his new owners describing him as their supersire!

121-07 has been used for our embryo program twice and has bred well. She has two year olds that have all cut over 4kg. She is the mother of ALT 105-12 (Southern Man) 8.2kg @ 3yr and second place in the national 3 yr competition and 9.0kg @ 4yr. She is also dam of ALT 131-16 6.8kg @ 2yr and 8.1kg @ 3yr be-

## Biography

31-23 by Glaisnock ALT 142-17. Glaisnock cut 11.2kg of very nice velvet at 4yrs and has cut 14kg this year. Glaisnock is an all rounded stag, with exceptional beam in his velvet, weight, temperament and body size.

If your after breeding for twin genetics- here it is, 263-18 has raised two sets of twins, her 21 born set were both female and this hind has a twin brother!

166-15 is a top hind, used as a donor in 2018, 2019 and 2023! She is a full sister to our sire ALT 211-15 and ALT 172-15 used at 2yrs and sold \$45,000.

## YEARLING HIND

Birth year: 2023

DATE	WEIGHT
1/12/2024	99 kg

36-23 by 9040R18 Brock. A bluerock son, who cut 9.36kg @ 4yrs.

27-18 is a ALT 34-14 son, 13.3kg @ 5yrs, from our premier pedigree, that just breeds on so well. His sons in our 2023 sale were 8.85kg, 8.9kg, 8.50kg, 7.90kg and 7.60kgs @ 3yrs, you can find these on our sire pages, all very clean and tidy velvet heads that sold well.

10-13 has been used as a donor hind, and is a full sister to Altrive sire 188-12. His son 166-19 we sold in our 2023 sale won the 5yr national competition this year for Wally and Cam Nelson, and was a spectacular head at 12.36kg. 10-13 is also a full sister to a top Altrive hind 191-12. Her son, 208-15 sold for \$30,000, she has only had this son to assess, as another 2021 born son died as a yearling, there is another that we will cut for the first time this year, that we have high hopes for.

## Biography

40-23 by 904OR18 Brock, 9.36kg @ 4yrs.

142-19 by ALT 22-14. He cut 9.5kg @ 3yr and won the 3yr competition and people's choice in 2017 National velvet awards. He went on to cut 14.4kg @ 5yr. No sons to assess.

45-14 is ET sister to 82-14 and Altrive sire 34-14, and dam of 87-18 we used at 2yrs and sold at 3 for \$16,000. She is also the dam of 261-19 7.9kg @ 3yr sold in 2023. Another ET sister is the dam of 71-18, 8.0kg sold in 2022. 45-14 has been used as a ET donor hind in 2018, 2019 and 2024.

184-12 has been used in our embryo program twice, along with the mentioned offspring above, 77-14 another daughter has had 3 sons at auction, and is fondly our favourite hind. This line of animals also have good body size, with 45-14, 82-14 and 77-14 certainly standing out as bigger framed hinds when coming through the shed, and we could probably put our 1 year old on them, they're extremely placid.

## Biography

42-23 by Worsley, from Netherdale. 7.90kg @ 3yrs and 10.5kg @ 4yrs. We have Worsley's first progeny as 2yr olds this year, and looking up some as they come through the yards, we are pleased with how they are looking.

51-21 a first fawner by ALT 106-18, 12.55kg @ 5yrs and 2nd 5yr Red National Velvet awards 2023 and 3rd Restricted Southland Red section 2023.

207-17 is out of the Embryo transfer program, Joseph, 11.7kg @ 8yr, was people's choice, open red winner and reserve champion at the 2016 National Velvet awards, owned by Brock Deer. He is the sire of Altrive's sires Glaisnock and ALT 145-17.

4-09 is dam of Foggy, lot 1 in our 2017 sale purchased by a syndicate for \$60,000. He has been breed-

## Biography

43-23 by Worsley, NTH 224-18. We purchased from Netherdale in their 2022 sale, a tidy Bronx son. He cut near 8kg at 3yrs and has jumped to 10.9kg @ 5yrs.

9-21 a first fawner.

64-17 was used as a donor in 2023 after having two good three year olds, 7.3kg and 8.8kg.

77-14 is my favourite hind, she is huge, and is quiet as a lamb. She has been used as a donor hind unfortunately not producing fawns the last couple of years, perhaps damaged after ET, but we keep her as a lead hind. Her ET cohort from 2017 and the natural mate afterwards included 3 sale stags, and her ET siblings are Altrive sire 34-14, and top hinds 82-14 and 45-14.

## Biography

44-23 by 232-19ND. We purchased 232-19 in Netherdale's 2023 sale, his three year head having been damaged but his 2yr head showed us heaps of potential. Check out his photo on our website and his sire page at the front of the catalogue for his 5yr head which is tidy and correct. His granddam, 09270, is the dam of "Horse" sold in 2022 for \$135,000 at 10.02kg. She also had two other sons sold at auction.

7-21 a first fawner. Sire 22-14 cut 9.5kg @ 3yr and won the 3yr competition and people's choice in 2017 National velvet awards. He went on to cut 14.4kg @ 5yr.

200-15 by Harlem. She is out of our embryo program. Harlem 8.45kg @ 4yr and winner of the 5yr nationals in 2012 at 9kg. We have used Harlem in our embryo programs and he is the sire of four of Al-trive's sires; 211-15, 34-14, 172-15 and 106-18. 200-15 had a 3yr son cut 8.60kg.

92-23 by Worsley (ND 224-18). Purchased from Netherdale in their 2022 sale, 7.9kg @ 3yr and tidy velvet, his sire is the almighty Bronx. You can see his information on his sire page, including his 5yr head at 10.9kg.

89-18 has had a son cut 9.15kg @ 3yr, rest of offspring are daughters.

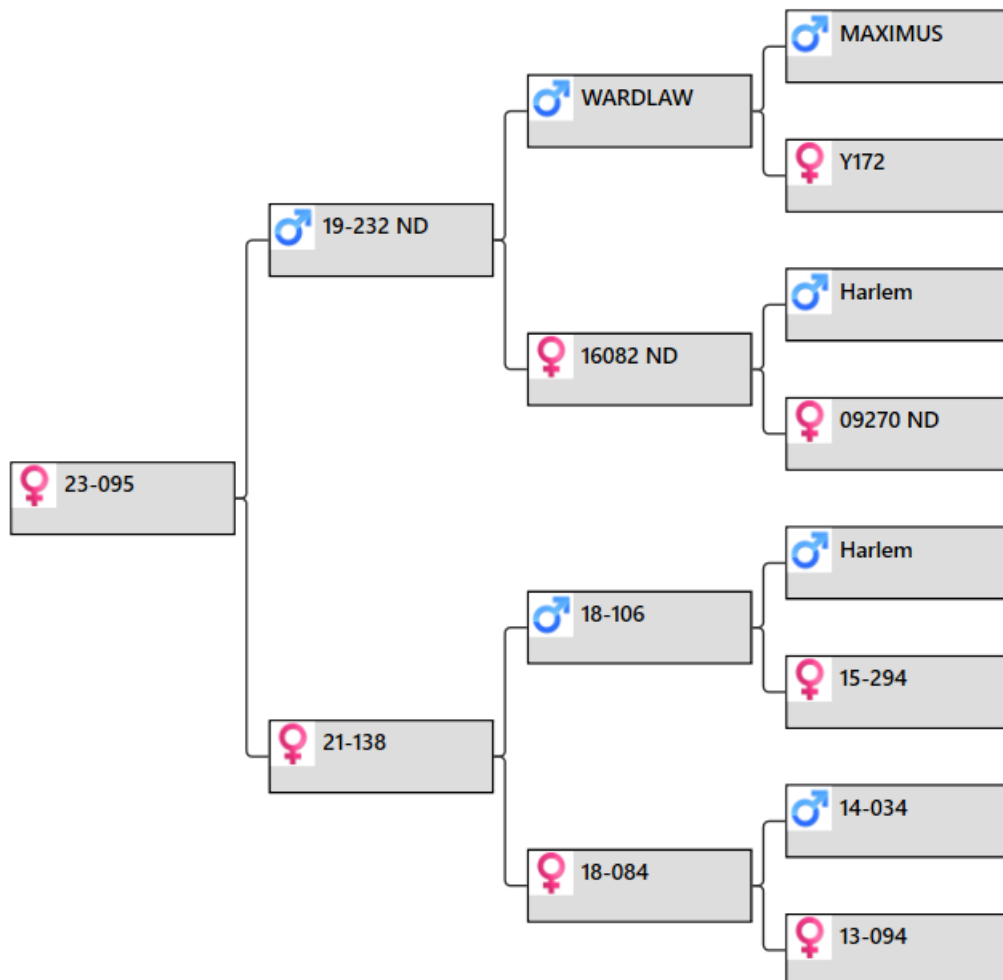

57-14 is a donor hind, and dam of 201-16 who sold in 2020 to Lockie Lott. We retained 10 straws of semen to use in our breeding program. She is sister to the 2 sons of 207-12; one produced by ET, 47-14 9.85kg @3yr and lot 9 2018, and then a natural mating after ET produced 155-14 lot 6 2018. All this from a 15mth hind.

## YEARLING HIND

Birth year: 2023

DATE	WEIGHT
1/12/2024	83.5 kg

95-23 by 232-19 ND. A great pedigree and tidy velvet. His granddam being the mother of Horse, and two other sires sold at auction for Netherdale. He cut a very tidy head at 8.5kgs this year, pictures on the website and his sire page.

138-21 a first fawner by ALT 106-18, his 5yr head was 12.55kg and came second in the national 5yr competition in 2023, as well as third in the Restricted Southland Red Section. 106-18 another branch from that very successful pedigree out of 184-12.

84-18 has no sons yet. We sold her in our 2022 hind sale for \$3600, only choosing to sell as we have 8 full sisters.

94-13 has been used as a donor hind twice, she is a full sister to Altrive sire 22-14. Her offspring were mostly females, but she has two sons sold at auction.

## Biography

96-23 by 232-19 ND. This stag had damage to his 3yr head, but he has a good pedigree behind him, with his granddam being the mother of Horse, and two other sires sold at auction for Netherdale. He cut a very tidy head at 8.5kgs this year, pictures on the website and his sire page at the front of catalogue.

131-21 a first fawner by ALT 22-14, National champion 3yr and People's Choice in 2017 with a 9.5kg head. He went on to cut 14.4kg @ 5yr. His first sons were sold in 2022 at 8.0kg, 7.4kg and 8.6kg and he had two 8.6 3 yr olds in 2023 sale selling for \$11,000 and \$8,000.

224-19 no sons to assess. sired by top sire 34-14, 13.3 kg @ 5yr. Sire of lot two 2023 which sold \$44,000 and lot five, \$26,000.

10-13 is dam of 208-15 sold for \$30,000. She then had daughters, and we are excited to see what her only other son does (he is a 2yr old this year). ET sister 203-15 is dam of 290-19 8.9kg lot 4 and 270-19 lot 9 2023 sale.

## Biography

97-23 by 232-19ND. 8.68kg @ 3yr, and his granddam is the mother of Netherdale's Lot 1 in 2022, now called Horse, She also has 2 other sons in 2016 and 2021 Netherdale sire stag sales.

116-21 by ALT 87-18, used as a 2yr old 7.3kg then sold at 3yrs 8.2kg. 87-18 also has sons 226-21 and 287-21 in this catalogue.

82-18 sired by ALT 34-14, 13.3kg @ 5yr. 82-18 has three daughters no sons.

94-13 by Everest and she is a full sister to sire ALT 22-14, 14.4kg @ 5yr. We have used 94-13 twice as a donor hind. Her dam is 138-11, dam of sire ALT 22-14. The dam of 138-11 was 124-O4 and she was also a very good hind being the dam of our sire 81-O6, 11.8 kg @ 7yr (deceased). 124-O4 is also the dam of two other sons sold at auction.

## Biography

126-23 by ALT 266-20, 9.5kg @ 4yrs. A very nice style of velvet, that was damaged at 3yrs. His undamaged side was 5.0kg @ 4yrs and you can see this on his sire page.

20-20 sired by ALT 211-15. 8.0kg @ 3yr and 10.4kg @ 6yr. Only two female offspring .

267-17 has only daughters, by ALT 188-12 . He was the 3 and 4yr velvet champion cutting 14.2kg @ 6yr. His ET sister also breeding well with sons cutting 9.4, 8.5, 7.7, 9.55 and 8.4kg @ 3yrs. We have used this line heavily in our embryo program as it is well proven.

207-12 has been used twice as a donor. She is the mother of 147-17, sold lot 5 in 2021 and 154-17 lot 16 2021.

## Biography

127-23 by Harlem son, ALT 211-15, 8.0kg @ 3yrs. Exceptional breeding behind this sire, who has left behind some excellent sire stags for Altrive, you can find them on his sire page on our website.

27-20 by ALT 105-12 (Southern Man), our lot 1, 2016 at 8.2kg @ 3yr. He was 2nd in the national 3 year competition, behind ALT 188-12.

249-16 by ALT 81-06 who was 2nd in the National 2yr competition at 5.7kg and won the National 4yr competition at 8.45kg. Her only stag fawn is a spiker this year.

82-14, our top hind. She has produced our sires 142-17 (Glaisnock) and 145-17, along with 148-17 7.9kg @ 3yr sold as lot 1, 186-17 8.6kg @ 3yr, 162-17 7.8kg @ 3yr who were all sold in our 2021 sale. Since then she has also produced 74-18 8.1kg @ 3yr sold in 2022 and 237-19 6.5kg @ 3yr sold in 2023 sale. Her fawn for the 2021 was a female. We have used her for ET four times, and remarkably she has flushed well and has only once not raised a natural fawn afterwards in all that time! A really special hind.

## Biography

130-23 by ALT 266-20, 9.5kg @ 4yrs. Unfortunately damaged at 3yrs, his good stick cut this year was 5.00kg, and both were 9.50kg. It is a lovely style of velvet with a good pedigree behind him so we are retaining him.

109-20 by ALT 105-12 (Southern Man). Bred by Altrive and sold in 2016 as lot 1, 8.2kg @ 3yrs, 2nd national 3 year competition behind fellow Altrive Sire ALT 188-12.

108-18 a Harlem daughter. Her dam 199-15 is a full sister to 193-12 who is ET sister to 4 stags sold in 2016 sale, the top of which fetched \$27,000 and she is also the dam of our sire ALT 211-15. She was used as a donor in 2018. She unfortunately has had 8 daughters and only a single son, 4kg 2 year old.

199-15 dam is 208-04, she is a really top hind, used as a donor twice, and had 8 sons sold as sires.

## Biography

136-23 by Harlem son, ALT 211-15. He is producing some excellent sires for Altrive, and you can see them on his sire page on our website.

284-15 has one son, that cut 10.55kg @ 3yrs by 22-14. She is by ALT 81-06, who had very tidy round tops and good weight for his time. He came 2nd in the National 2yr velvet competition and won the national 4yr competition. He went on to cut 11.9kg and a very big head of 18kg SS velvet.

152-01 is the grand dam of sire 34-14 and her daughters 184-12, 207-12, 156-12 and 4-10 feature in a lot of pedigrees at Altrive.

Some old but good blood in this pedigree, going right back to 46-95, who was dam of 2 sires used in the stud 78-02 7.65kg @ 3yrs and 186-04 6.1kg @ 3yrs and 467 IOA at 6yrs.

## YEARLING HIND

Birth year: 2023

DATE	WEIGHT
1/12/2024	91 kg

137-23 by Glaisnock. We think he's a pretty good package, an extremely quiet stag with good body size and great beam, he cut 11.2kg @ 4yrs and 16.75kg @ 5yrs. 82-14 is our top hind and the dam line behind Glaisnock is exceptionally well proven.

156-13 by Zama 12.25 kg SA. She has one daughter and a son sold in 2019 at 8.70kg for \$42,000.

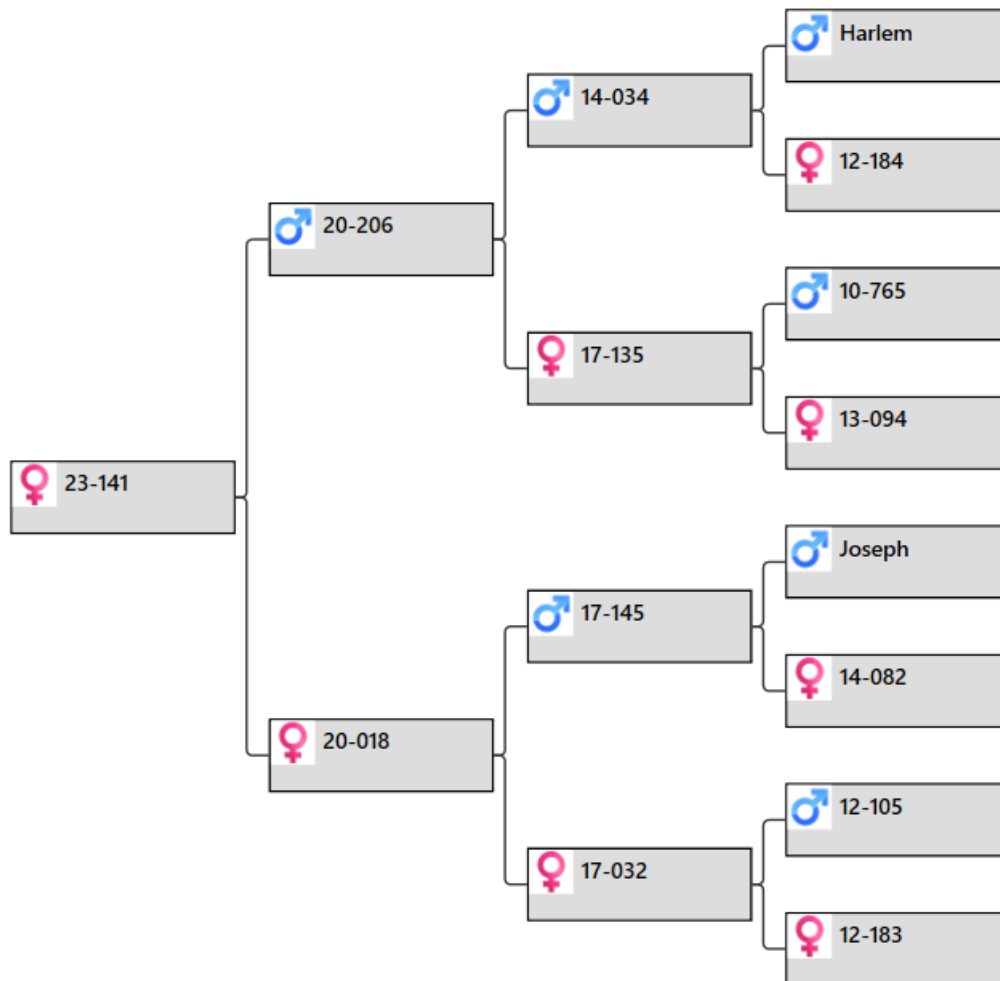

136-08 is dam of 127-15, 7.95kg @ 3yrs and sold in 2019.
